

SELECT column 1,
 Column 2
 FROM database.schema.table
 WHERE condition 1 OR condition 2

Question: Any one doing maths or they have marks greater or equal to 50.

SELECT *
 FROM Curro.students - marks
 WHERE Subject = 'maths' OR marks >= 50

Student ID	Name	Subject	Marks
101	Rofhi	Maths	99
102	Mbati	Maths	22
103	Lerato	Geo	50

LESSON 4

Logical operator

Between operator

It allows us to filter our data on a range of values.

It is an inclusive operator

SELECT column 1,
 Column 2
 FROM database.schema.table
 WHERE column name BETWEEN min AND max

Question

Write an SQL query to get the name, ^{Subject} and marks of students who obtain marks between 0 and 30
